

NBATC BLUE BLAZER PROGRAM

The program's purpose is to encourage members to hike the NBATC's Blue Blazed Trails that we maintain. The NBATC feels that there will be an overall benefit to the club if many members become familiar with and have hiked all these trails that are associated with the 88 miles of the AT maintained by the NBATC.

To receive this award, which is a specially designed patch, the hiker must be a member on completion of their final segment. Qualifying non-member may receive the patch upon payment of \$5, payable to the NBATC. Hikes can be done on your own or with the club on a scheduled club hike. The honor system applies. There is no time limit for this program. When completed, email to: lshebor@gmail.com

I certify that I have hiked the trails in the table below.

Total Miles _____

***Do not duplicate miles (e.g., if the hike included more than one blue blazed trail, include the mileage on the first entry and draw a line in the second entry)**

****The Little Rocky Row Trail hike (was considered initially, but later deleted because the NBATC believed hiking this trail, puts hikers at risk either in walking on US 501 to the trailhead or backing their vehicles onto US 501 from the trailhead.**
